

Dear Everyone!

Welcome to the launch for the wellbeing app call Edukit at The Frances Bardsley Academy. Edukit allows all students to access wellbeing activities, share your opinion regarding wellbeing with your school (via surveys) and send messages via the app wherever you are. Miss Mills.

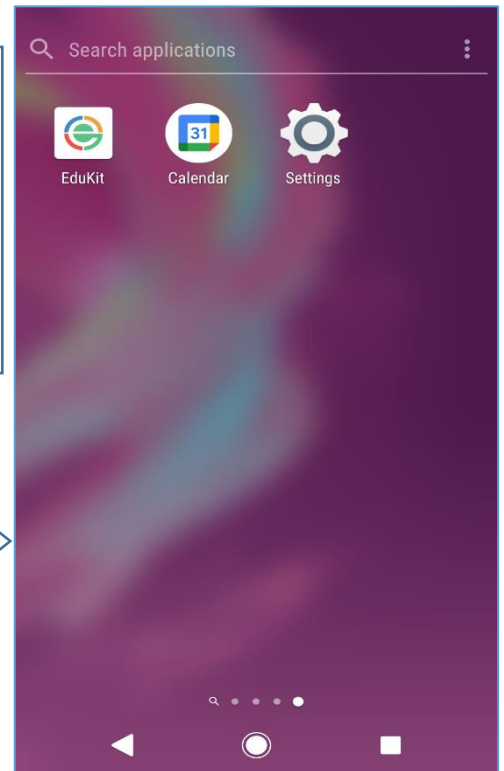

**Step One:**

Go to your app store and search Edukit. Click on the correct app and then install.

**Step Two:**

Once downloaded find the app on your home screen or applications.

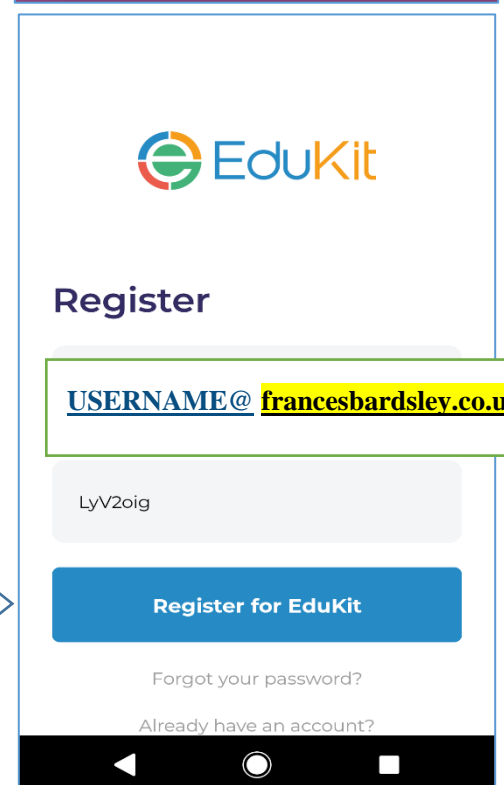

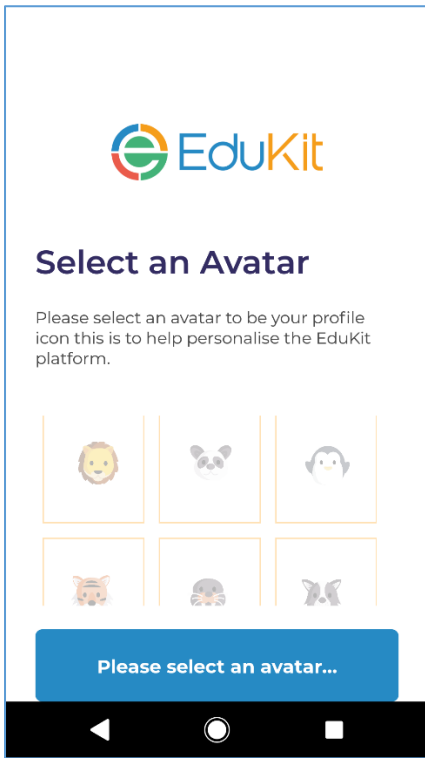

**Step Three:**

This is what the app should look like when you open it up. First you will need to sign up.

**Step Four:**

To register add your school email and the following code LyV2oig

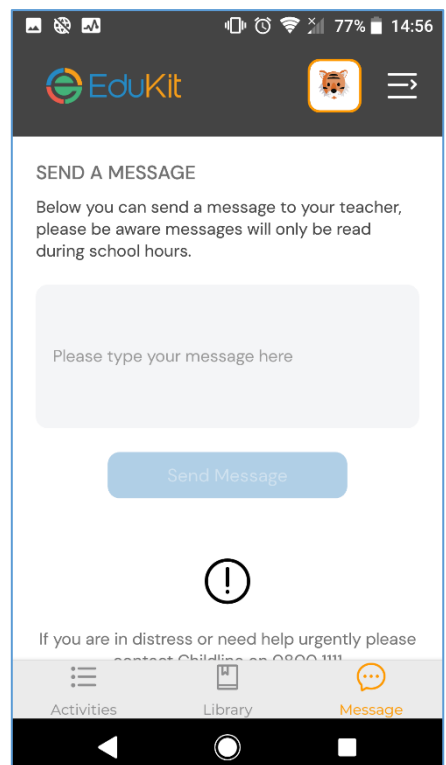

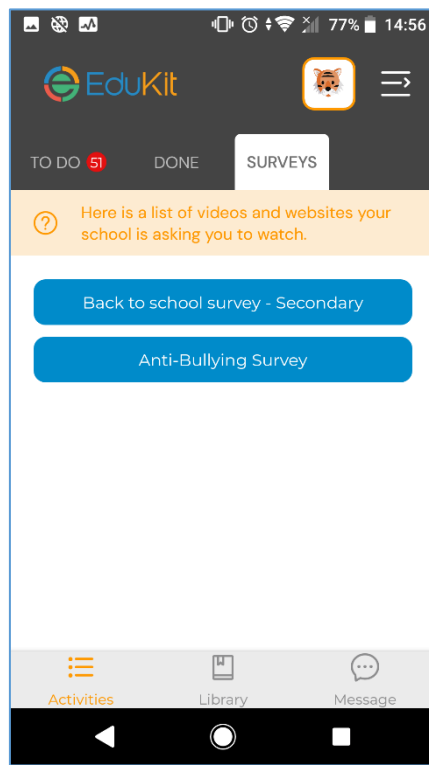

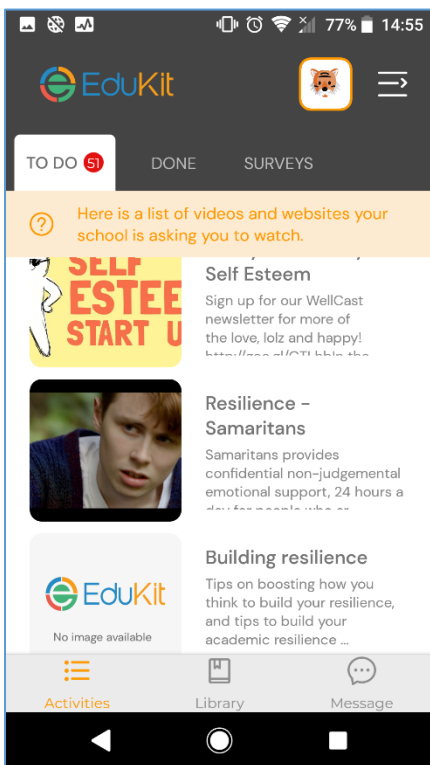

**Step Five and Six:**

The app will now ask you to select your own password, make it memorable and strong. The app will then ask you to pick and avatar...I picked a Tiger.

**Step Seven and Eight:**

The app will now ask you 'How are you feeling?' click a face and add an explanation if you wish.

**Step Nine:**

Now you are in! This is the first page you will see. You can look at, read and watch a number of different things related to wellbeing.

**Step Ten:**

You can access surveys and share with the school how you are feeling about specific topics.

**Step Eleven:**

You can send a message to school (during school hours) and it will be sent to who is most likely to be able to help you.
