

Key Stage 5

Subject: Health and Social Care Extended Certificate and Extended Diploma

Intent

Our aim is to develop students' understanding of Health and Social Care, and equip them with the knowledge and skills needed to underpin their next steps, i.e. higher education, whilst maintaining high standards and expectations. The curriculum is purposefully sequenced to help students to build a strong understanding of the content and to assist with the development of academic skills, for example, analysis and evaluation. The students will be supported in their journey to becoming successful independent learners and in which they feel confident in their abilities. We hope to create an environment where students feel challenged, make progress and strive to achieve their best.

Programme of study and assessment

	Autumn Term	Spring Term	Summer Term
Year 12 Extended Certification*/ Extended Diploma	<ul style="list-style-type: none"> Unit 1: Human Lifespan Development* Unit 3: Anatomy and Physiology Unit 7: Principles of Safe Practice 	<ul style="list-style-type: none"> Unit 5: Meeting Individual Care Needs* Unit 8: Promoting Public Health Unit 10: Sociological Perspectives 	<ul style="list-style-type: none"> Unit 5: Meeting Individual Care Needs* Unit 8: Promoting Public Health Unit 10: Sociological Perspectives Unit 6: Work Experience in Health and Social Care
