

She is Studios – Form time Programme

During form time, students will take part in independent intervention sessions to strengthen their knowledge in **Maths, English Literature, English Language, Science and RS**.

Using subject-specific booklets created by Heads of Department, students will spend 30 minutes revisiting prior knowledge, addressing misconceptions, and developing areas that need further depth.

Students will highlight topics where they need extra support and share these with teachers, who will provide guidance.

Booklets remain in form until completed and can then be taken home for revision.

This structured, independent approach is designed to prepare all students effectively for both their mock and final GCSE examinations.

Week Commencing	11	Tuesday	Wednesday	Friday
29/09/2025	She Is Studios	Science	Maths	RS
03/11/2025	She Is Studios	English	Science	Maths
